INTRODUCTION

CLEVELAND DIRECTORY CO., publishers of the Euclid City Directory, present to subscribers and the general public, this, the 1956 edition.

Confidence in the growth of Euclid's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Euclid to the world.

The enviable position occupied by the CLEVELAND DIRECTORY CO.'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Euclid Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 17 to 682, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Euclid; and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 683 to 864. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

THE NUMERICAL TELEPHONE DIRECTORY, begins opposite page 866.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 56, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Euclid. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Euclid, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 923 to 970, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Euclid.

The Directory Library

Through the courtesy of the publishers of the Euclid City Directory, a Directory Library is maintained in their offices at 1900 Euclid Ave., Cleveland, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The Cleveland Directory Company's EUCLID

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1956

Copyright, 1956, by The Cleveland Directory Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The letters and figures following the street names are given to ascertain the location of streets and avenues by the Greater Cleveland Arrow City Map, which includes Euclid. Take, for example Coulter av (S-1); on the sides of the map are the figures 1 to 16; at the top and bottom, letters A to T; Coulter av will be found in the square formed by the lines S to S and 1 to 1.

Telephone numbers, as supplied to us on our canvass are shown following names.

A large Arrow City Map in colors, size 33"x42", of Greater Cleveland, which includes Euclid, has been prepared by the publishers. This map may be purchased from your stationer, news dealer, or from the publisher.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator, next, a double postal card was mailed and the telephone used when possible.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

Don't Contribute to

KNOW YOUR MONEY!

Don't Be Fooled by
Forgers
KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

YOUR NEW HOME LET US HELP YOU OWN IT

You have thought a lot about that new home of yours. The part about which you probably think most is—how can you finance it?

SECURITY FEDERAL, in the past 35 years, has helped hundreds of Euclid citizens to own their own homes. A long-term, monthly payment mortgage is the answer. Monthly payments can be suited to your income.

You can also finance those needed home repairs or alterations with a SECURITY FEDERAL HOME IMPROVEMENT LOAN.

Many Euclid citizens also save with SECURITY FEDERAL.

We are as near you as the corner mail box. We furnish all the save-by-mail supplies you need—even the postage.

A telephone call will bring material for a savings account or our appraisers to evaluate your home for loan purposes.

★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A “*Yellow Section*” or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.
